APPLICATION:

- A. Applicant shall complete Land Use Permit Application and submit to the Zoning Department.
- B. Application shall be accompanied by site plan drawing complete with the following minimum information:
 - Size of parcel, drawn to scale
 - Location on the parcel of all existing structures and their square footage
 - Location on the parcel of all proposed structures and their square footage
 - Existing and proposed driveway, access roads, parking, sidewalks and other impervious coverage
- C. Application shall include drawings showing number of bedrooms in the structure.
- D. Application shall include elevation drawings showing proposed structure height.
- E. Applications for riparian lots shall include a picture of the parcel as viewed from the lake.
- F. Application shall include Sewer Compliance Inspection certificate. (if ISTS).

REVIEW:

- A. The Planning and Zoning Department shall review the application for completeness and assign a reference number to application, plans, and any other attachments. City Staff will indicate on the application the date that the application is complete. The applicant will be notified where additional information is needed.
- B. The City Staff shall, based on submittals, compute the land use permit fee. This fee shall be paid by the applicant at the time the application is submitted. The fee is non-refundable.

ACTION:

In order to obtain a land use permit, the following must happen:

- A. The City Wastewater Superintendent must review and approve the Sewer Compliance Inspection report.
- B. The City Clerk must verify all current City billings and insure that the applicant is current on all payments.
- C. The City Clerk must insure that the permit fee has been collected.
- D. The Planning and Zoning Department must insure that the proposed improvements meet the requirements of the Ordinance.

PLEASE NOTE: State Statutes provide the City up to 60 days to process land use applications. The City strives to process all applications as soon as they are received. To avoid delays, applicants should allow themselves as much time as possible between the time they submit their application and the time they wish to begin construction. Close coordination with the City Staff during the project design phase and submittals that are complete and accurate will help applicants avoid delays.
