

Additional Service Offerings for Network Communities

For Network Communities with intensive and ongoing planning and zoning administration needs, the Community Growth Institute provides *Quality Permitting* assistance customized to your community's needs.

There are three levels of *Quality Permitting*:

- **Quality Permitting:** Recommended for communities needing professional planning assistance only for high-level planning issues.
- **Quality Permitting Plus:** Recommended for communities needing professional planning assistance for high-level planning issues in addition to day-to-day assistance with routine zoning matters.
- **Quality Permitting Complete:** Recommended for communities seeking to professionally address all of their planning and zoning administration needs.
