

## STAFF REPORT

---

**Application:** Variance to Make and Addition to a Non-Conforming Structure

**Applicant:** Anna Zwirn

**Agenda Item:** 3(b)

---

**Staff Recommendation:** At the February meeting, Greg Frazee represented the applicant and indicated that he would be discussing the Board of Adjustment's feedback with the applicant and making a decision on how to proceed. Indicated that they would make submittals based on their decision.

We have not heard from the applicant or Mr. Frazee since the meeting. It is our assumption that they are still examining their options. We will contact them to obtain a waiver for review time.

We recommend that the application be tabled.
