NEW JERSEY LEGISLATURE

STATEMENT IN SUPPORT OF LEGISLATION

SENATE, No. _____ ASSEMBLY, No. _____

SPONSOR: Senator _____ Assembly Member _____

SYNOPSIS: Establishes the **New Jersey Ascent & Renaissance Act**, creating the Governor's Guard and Civic Corps, mandates Statutory Fluency education, dedicates funding for the economic defense of the State.

PURPOSE: To operationalize the Garden State identity by mobilizing the surplus talent of New Jersey's youth to solve our three most persistent structural deficits: administrative friction, food insecurity in Civic Deserts, and the decay of critical infrastructure.

SUMMARY OF PROVISIONS:

Title II: The Education Mandate - Statutory Fluency

- **The Curriculum:** Amends P.L.2018, c.167 to mandate instruction in Contractual Defense, AI Literacy, and Labor Sovereignty (the ABC Test for independent contractors).
- **The Credential:** Establishes the **Liberty Seal of Statutory Fluency** for graduates who pass a Department approved Warrant of Navigation exam.

Title IV: Service Divisions - Establishes the New Jersey Service Commission to oversee:

1. **Governor's Guard:** Statutory Navigators deployed to Civil and Housing Courts to expedite filings and reduce the eviction backlog.
2. **Civic Corps:** Deployed to establish the Strategic Biotic Reserve, Agrarian Defense Hubs, and provide Digital Hardening, AI defense/Cybersecurity for seniors and all vulnerable populations.
3. **Industrial Guard:** Vocational apprentices deployed to harden the grid. Grants the Commission Green Tape Authority (Section 403), mandating a 45 day approval deadline for critical projects, overriding local zoning obstruction.

Title VII: Sustainability

- **The Surcharge:** Establishes a \$15 Statutory Oversight Surcharge (SOS) on Landlord Tenant filings.
- **The Lockbox:** Creates the Governor's Guard Trust Fund and directs the Secretary of State to place a Referendum on the ballot to constitutionally dedicate these revenues.

JUSTIFICATION:

1. Cutting the Green Tape - Infrastructure Velocity - This bill creates a 45 Day Permitting Period for Industrial Guard projects. If the State is paying for 100 year durability, the State has the right to build it without delay. This is a massive deregulation for critical resilience work.
2. The Garden State Imperative - Food Sovereignty - The Civic Corps directly addresses food deserts by building the Strategic Biotic Reserve and Agrarian Defense Hubs, turning the state's agricultural heritage into modern food security defense.
3. Ending the Eviction Mill - Administrative Defense - By deploying Statutory Navigators to review filings before they reach the judge, we reduce administrative friction, saving time for landlords and preventing wrongful evictions for tenants.

FISCAL IMPACT: REVENUE POSITIVE. Self funded via the SOS (\$15 surcharge). Zero impact on the General Fund.

CONSTITUTIONAL LOCKBOX: While this legislation statutorily dedicates revenue to the Trust Fund, the Sponsor intends to introduce a companion Assembly Concurrent Resolution (ACR). This Resolution will propose a Constitutional Amendment to voters, permanently protecting these funds from executive diversion, ensuring solvency in perpetuity.
